Come celebrate the amazing new sidewalk and landscape created by legendary designer Roberto Bulle Marx on Friday, Oct. 2.

Marx created a one-of-a-kind beautiful masterpiece for the Biscayne Boulevard New World Design Project, so come to the festivities and enjoy some of the best of Brazilian culture right in Downtown Miami.

There will be food, dancing, drums, capoeira demonstrations, samba music and a FREE CONCERT with one of Brazil's favorite bands straight from Rio, BOSSACUCANOVA!
